

CLEARFILMS

A DRY ERASE OVERLAY

**UNMATCHED
ERASABILITY!
NO GHOSTING
OR STAINING!**

CLEARFILMS

A DRY ERASE OVERLAY

Everase solutions were developed by our founder, a chemical engineer with more than 30 years of expertise in the laminating industry. This dry erase technology has been used by our whiteboards in thousands of educational facilities across the USA. The cutting edge formula has allowed us to engineer our clear dry erase product line.

Everase™ ClearFilms are perfect for printing, signage, posters, custom dry erase boards and more! It is capable of turning your own ideas into a dry erase writing surface.

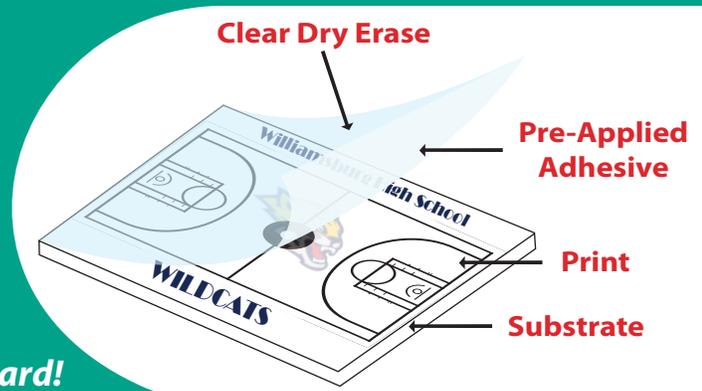

Features & Benefits
